- If you are camping between Memorial Day and Columbus Day, you must have a reservation. To check availability of the campgrounds or cabins and to make a reservation, call (877) 444-6777 or go to [www.recreation.gov](http://www.recreation.gov).
- In case of emergency call (906) 202-0356 for a Grand Island staff member, (906) 387-3700 for the Interagency Visitor Center or 911.
- Drink plenty of water!! There are four drinking water spigots on the southern part of the island, Williams Landing, Juniper Flats, Farrell Cottage and Murray Bay, where water bottles can be refilled. On the north end, water can be collected from Lake Superior or streams using water filtration devices.
- Store all food / scented items in a food storage locker, on a bear pole, or hang properly in a tree. Trash, garbage, and scented items will attract bears to your campsite. Most campsites and day use areas are equipped with a food storage locker. If you leave your food items unattended, be sure to store them properly.
- Don't put food scraps or trash in the fire rings or down the outhouse hole. Pack it in / Pack it out!!
- Don't cut live trees or limbs... use dead and down trees / limbs or the free provided firewood only.
- Know how many people can stay in the site before setting up camp. Trout Bay Camp Sites allow for up to four people and two tents. There is no camping allowed at the Murray Bay or Trout Bay Day Use Areas.
- Check the weather before you go and be prepared for it.
- Long pants are recommended (even in the summer) to keep the flies away. Insect repellent is highly recommended.
- Don't go too close to cliff edges... sandstone can be fragile.
- No camping within 100 feet of water, cliff, private property, trails and other campsites, \$75.00 fine. It is illegal to have fire outside of a designated metal ring or leave a fire unattended without completely extinguishing it. Both offenses carry a \$150.00 fine. Ashes should be cold to the touch.
